## Wi-Fi Thermostat

### FOR ELECTRIC UNDERFLOOR HEATING

especially LARX Carbon Kit, LARX Heating Mat and LARX Carbon Heating Film

#### LARX Wi-Fi Thermostat

Well designed, high-quality thermostat for use with **LARX** Carbon Heating Film. With a Wi-Fi connection and the **LARX** mobile application, the heating system can be operated from anywhere. It has both programmable and manual modes. The floor sensor regulates the maximum floor. The thermostat supports the **Tuya** ecosystem and also works with the **Lidl Home** or **Smart Life** apps.

#### Technical parameters

Voltage	<b>230 V, 50 Hz</b>
Maximum load	<b>16 A</b>
Floor sensor	<b>NTC 10k</b>
